Visiting Professorship Program
2022/2023
A Word from the Dean

EM Strasbourg Business School is a unique model of a Grande École de Management within an internationally recognized university. Our identity is shaped by several promises:

- To be at the heart of creating, disseminating, and transforming managerial knowledge into expertise and to always have a forward-looking vision of major socioeconomic developments
- To take advantage of the national and international reputation of Strasbourg and Alsace, located in the heart of Europe
- To constantly expand national and international networks, opening ourselves to the world, learning from others, and offering life-changing experiences abroad
- To offer interdisciplinary programs and foster dual expertise, long-desired by companies
- To contribute to revealing and nurturing unique and distinctive talents

EM Strasbourg’s aim is for every stakeholder (professionals, students, faculty, and administrative staff) to contribute to the School’s overall value while respecting his or her own uniqueness. In this regard, visiting professors have an essential role to play, for they bring with them new ideas and ways of thinking. It is through unique programs such as our visiting professorship (ViP) program that research and teaching synergies truly thrive.

Together we broaden the School’s horizons.

A Word from our International Directors

EM Strasbourg Business School—where one in three students is international—is engaged in over 240 bilateral cooperation agreements, including over 15 dual degree agreements, with universities worldwide.

Our School founded the HERMES network, consisting of 27 universities in 17 different countries, with the aim of developing dual degree study programs, exchanging faculty, and organizing joint research projects.

Our School is proud to offer a continually enhanced visiting professorship (ViP) program for international faculty. The ViP program looks to strengthen research cooperation with our global partner institutions and to better match visiting professors’ teaching expertise with the pedagogical needs of our programs. We are looking forward to welcoming you in Strasbourg where you’ll play a crucial role in our internationalization efforts at home.

**Mission**

EM Strasbourg strives to educate competent, responsible, and agile managers to become global citizens, ready to find their place in society and able to develop a performance-driven management style.

At EM Strasbourg Business School, the only Grande École de Management in France that is part of an internationally recognized university, we aim to produce high-impact intellectual contributions based on academic research relevant for 21st-century organizations.

**Vision**

To empower individuals and organizations alike to reveal their unique strengths and characteristics.

**Be Distinctive**

Two very simple words, which marked a turning point in our School’s history. Today, the slogan Be Distinctive preserves its very meaning. Firmly student-oriented, it is the expression of our School’s actions.

We do not want our students to be different; we want them to make a difference, by being themselves. We commit to our current and future students by inviting them to be distinctive by being who they are! EM Strasbourg strives to reveal, develop, and strengthen the talents of everyone.
Sustainable Development as a Reality

This core value features in the training of future managers who will know how to exercise their social and environmental responsibilities at work as well as in daily life.

Ethics: Knowing How to "Do the Right Thing"

Understanding how to make professional and personal choices in line with one’s own values and the values of those around us is how we understand—and train students in—the practical application of ethics.

Diversity as an Asset

EM Strasbourg trains students who reflect the diversity of the French population. It has developed a research program on the very topic of diversity (generational management, religion in business, social openness, etc.)
A Brief History

The history of the University of Strasbourg dates back to the 16th century when Johannes Sturm, a protestant scholar, created a Protestant Gymnasion in 1538 with the mandate of disseminating knowledge—one of the core values of humanism. Through the years, the Gymnasion eventually became a university in 1621, not to mention a German university from 1870 to 1918.

The traditions of research and openness to the world inherited from this period are still at the heart of the University’s values today. In 1971, the University of Strasbourg was divided into three universities based on academic disciplines only to reunite again in 2009. It became a unique and pioneering example of merging universities in France to enhance international exposure and develop the multidisciplinary aspects of education and research.

Université de Strasbourg
The City of Strasbourg

A UNESCO World Heritage Site

Strasbourg has been on the UNESCO World Heritage list since 1988. The capital of the French region of Alsace, it is especially famous for its spectacular Gothic cathedral, its picturesque Petite France quarter, and its medieval churches, buildings, and half-timbered houses.

At the heart of Franco-German friendship, the city of Strasbourg is also the symbol of reconciliation between the two countries.

A Capital of Europe

Strasbourg, along with New York and Geneva, is one of the few cities in the world that is not a state capital but home to international organizations.

Strasbourg hosts European organizations such as the European Parliament, the Council of Europe, and the European Court of Human Rights.

Staffed by expatriates from all over Europe, the presence of these organizations makes Strasbourg one of the most cosmopolitan cities in France.
